# a bit about us

---

Hi there

My name is Rebecca and I am the owner and photographer at Bump to Bounce Photography.

Bump to Bounce Photography is a local Illawarra business and we take great pride in providing a spectacular portrait experience with amazing products.

I am a professional portrait photographer specialising in maternity, newborn, toddler and family portraiture with a knack for capturing special moments, beautiful wide eyes and the wonderful expressions that our children delight us with each day.

Preschool and Daycare portraits is an exciting and important part of the year for both children and parents and I would be delighted to be a part of your portrait experience by visually telling your preschool story to your families.

I work with each Centre to ensure minimal disruption to your day and with each child to ensure we get the best out of each individual.

My mission is always to provide fresh and creative photography with quality products for families to display in their homes and treasure for a lifetime. I only use Canon Professional Series equipment and images are printed at a professional photography laboratory which ensures the very best quality possible.

- \* Complimentary Individual Staff Portraits
- \* Discounts on Bump to Bounce Photography's portrait services
- \* Fundraising Opportunities for your Centre

If you would like to show your families what really goes on in your Centre, make sure you book your preschool portraits with Bump to Bounce Photography!

Warm regards

# how it works

---

## Step 1 BOOK YOUR PRESCHOOL

Book your Preschool / Daycare Portrait week in, the popular Spring months book out early! Return the Booking Form which secures your session time.

## Step 2 RECEIVE POSTERS AND LETTERS

Bump to Bounce Photography sends you a poster that you can print out and display in the weeks leading up to your session reminding parents that preschool photos are coming up.

You will also receive a letter that you email / communicate with parents which contains a timeline of photos events, ordering instructions and delivery details as well as some invaluable tips on how to prepare their child for photos and tips on what to wear.

## Step 3 REGISTER CHILDREN FOR PHOTOS

Each child MUST be registered by their parent/guardian to have their photograph taken by Bump to Bounce Photography. Children who are not registered will not be photographed.

Parents/Guardians register their child via the registration form on the Bump to Bounce Photography website. They advise us of their child's preschool days so we can allocate their photo day.

By registering, parents are agreeing to purchase images taken of their child and agree that they understand the costs involved in doing so.

“CHILDREN DONT JUST SIT DOWN AND FAKE SMILE FOR MY CAMERA, THEY RUN, JUMP, PLAY GAMES, LAUGH AND HAVE FUN!”

## Step 4 ALLOCATE PHOTO DAYS

Allocate days/approximate times for your children to be photographed.

We provide you with the list of families who have registered and we then ask you to allocate the day and time for each child to be photographed according to your program.

Whilst there is always an element of fluidity, as lets face it, kids dont always want to perform when they are told to, but the best formula is youngest to eldest.

## Step 5 PHOTO WEEK / PHOTO DAY

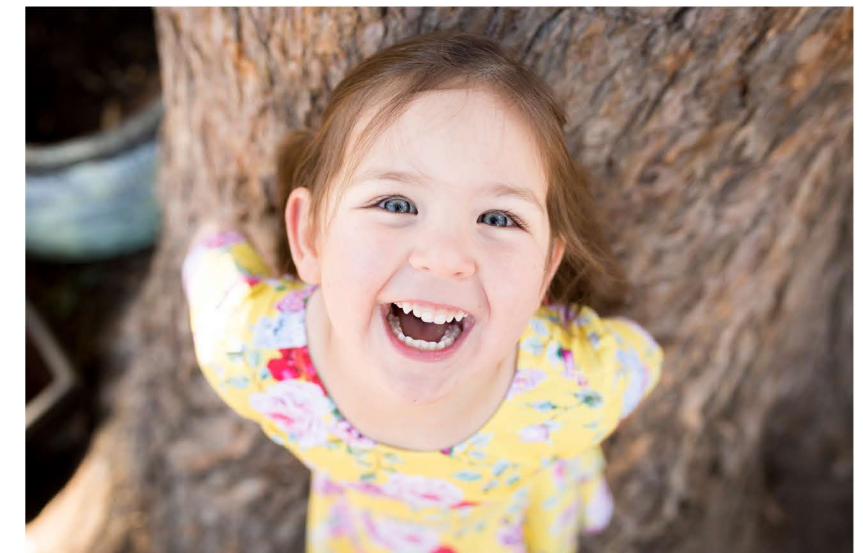

Depending how many children you have in your centre will depend on how many days we photograph at your centre. We start photographing at approximately 9:15am once children have had their morning tea and settled in for the day. We photograph an average of 40 children per day. Some children may need to come in on their non school day.

Each child will have a mix of 6-10 playful and traditional sit down portraits taken during their session.

### Sibling Portraits

Parents can bring their older or younger non preschool aged children in for a sibling portrait on the last day.

Photos take approximately two weeks after photo week to be sorted, edited and uploaded to the website for viewing and ordering. You will receive a private password protected online viewing gallery. Families then have one week to order their collections. Parcels are delivered to the Centre approximately 2 weeks after order cut off. Late orders will be accepted however will be charged a \$10 admin and delivery fee.

2018

123 FABULOUS EARLY LEARNING CENTRE

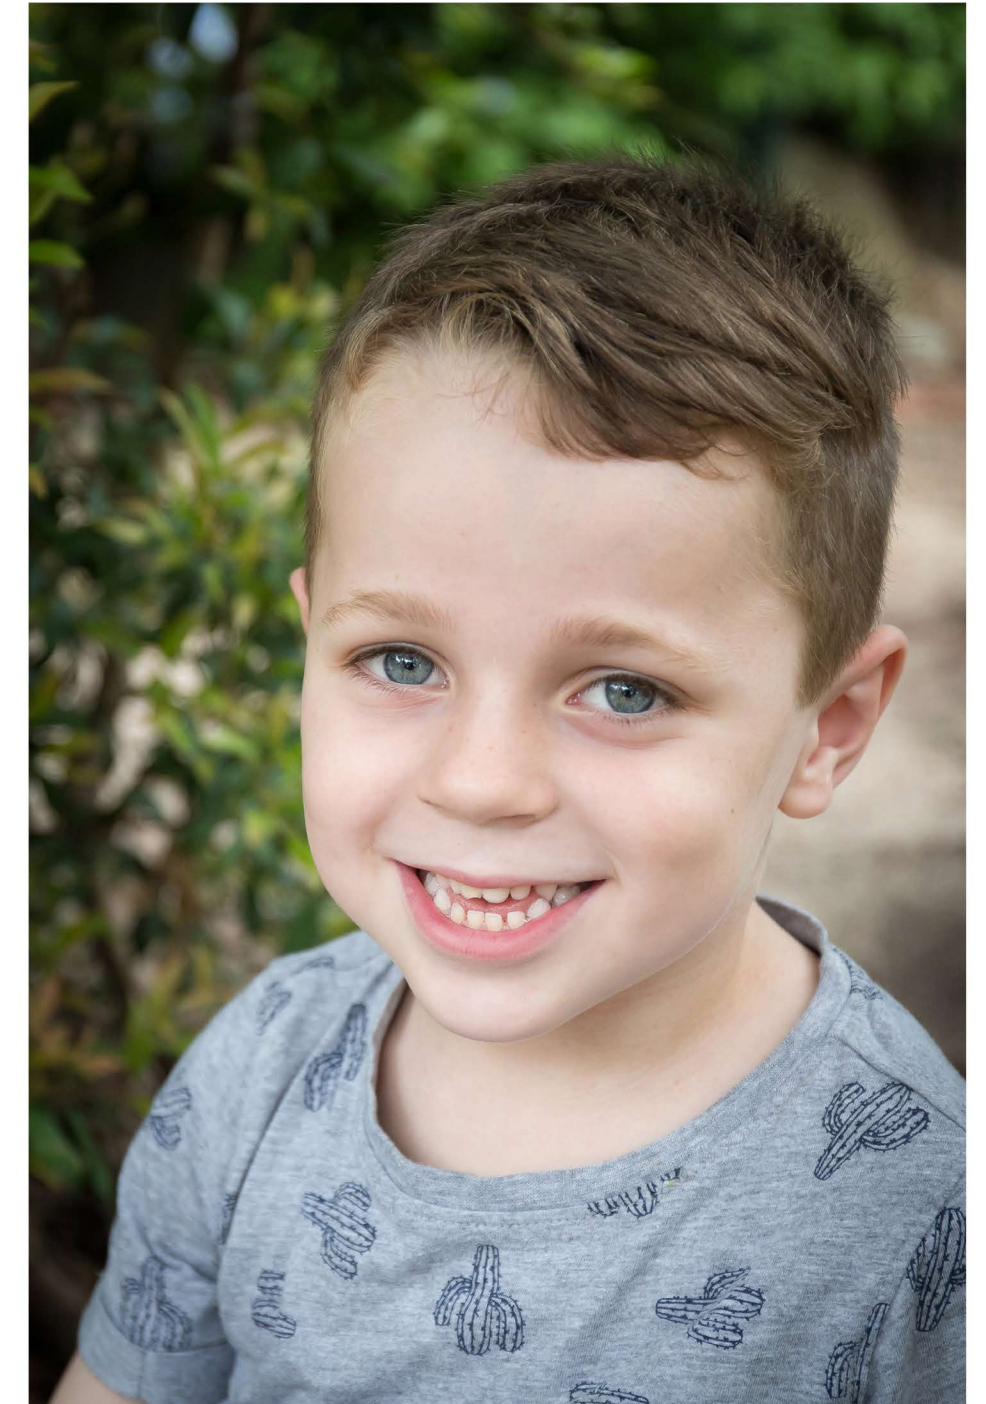

## How does the class photo work?

In 2018 we have moved to a composite style class photograph.

The most appropriate image of each child is chosen and placed into a composite image creating a beautiful class momento of your Centre.

The benefits of a composite over a traditional class portrait are:

- Clean and clear portrait of each child.
- Every child is looking in the direction of the camera
- Option to add your Centre's logo and motto
- Option to have child's first name under their photograph
- Staff portraits and names are included in the collage
- No more nose picking, scratching or shy runaways!
